

In a Democracy the will of the majority governs. A lot of negro riff-raff is flooding our northern cities and with pressure tactics is driving out our white population under the aid of governmental officials. The white people will soon show their resentment by driving

such officers out of their positions.

If the white people don't want their children to be surrounded by negro riff-raff they are entitled to that. If the negroes don't like that let them go back to where they came from. Unless the State Education

Department is willing to protect its voting citizens it is not worthy of their confidence. There truly must be a solution to the problem. Let's all see how smart the Education Dept is to find out how to satisfy the white people of their state?
